EDUCATION

The University of Texas at Austin

Bachelors of Science, Economics

May 2028

Minor: Applied Statistical Modeling, Computer Science, Finance

Overall GPA: 3.74

EXPERIENCE

xPM Construction Project Management - *AI Integration Specialist*; Austin, TX

October 2025 - Present

- Architected a multi-agent AI system with a central orchestration agent coordinating specialized sub-agents to automate end-to-end marketing, database, and client-facing workflows, replacing manual content, outreach, and follow-up processes.
- Embedded AI across marketing and database operations to produce 100+ informational blogs and 200+ marketing posts while automating real-time data management, scaling content output and driving efficiency gains that impacted the majority of business operations.
- Drove lead generation and social media presence at the 2026 NASCC Steel Conference in Atlanta, capturing new prospects and strengthening brand visibility while sustaining client satisfaction through proactive communication and issue resolution.

Hevesta Capital - *Private Equity/Search Fund Analyst*; Austin, TX

October 2025 - January 2026

- Conducted deep-dive industry and company research to identify, evaluate, and prioritize warm leads that aligned with the fund's investment criteria, integrating financial, operational, and competitive analysis to strengthen the top of the acquisition pipeline.
- Collaborated within sourcing committees to streamline lead-generation workflows and enhance the accuracy of matching targeted companies to the search fund's filters, improving overall deal sourcing quality and efficiency.

SellSide Group - *Junior Mergers & Acquisitions Analyst*; Austin, TX

September 2025 - February 2026

- Spearheaded prospecting and qualification of targeted companies, cultivating a strong pipeline, deepening client relationships, and collaborating with senior consultants to support meetings, presentations, and technology-sector project deliverables.
- Advanced M&A deal sourcing by identifying potential acquisition targets, executing preliminary due diligence, and leveraging AI-driven automation tools to streamline outreach and enhance data collection, elevating overall sourcing efficiency and client insights.

Ultimate Construction & Investment - *Project Development Intern*; Austin, TX

June 2024 - August 2024

- Conducted comparative market analysis and built feasibility reports for 10+ proposed developments alongside architects and project managers, and designed interior/exterior mood boards, leveraging AutoCAD, Excel, and Photoshop to guide planning, strategy, and high-value real estate investment decisions.

PROJECTS

RM 357E Introduction to Risk Management, Risk Analysis Report - *Client: Thoma Bravo*

Spring 2025

- Conducted a comprehensive risk analysis on Thoma Bravo's tech-focused private equity operations, identifying major cybersecurity and regulatory risks through real-world case studies like SolarWinds and RealPage
- Applied ERM frameworks to evaluate risk exposure and firm responses, delivering actionable insights that enhanced compliance systems, cybersecurity protocols, and long-term operational resilience

LEADERSHIP EXPERIENCE AND ACTIVITIES

Catalyst Consulting & Strategy Group - *Founding Member & Financial Director*; Austin TX

January 2025 - January 2026

- Established the financial framework for CCSG and optimized membership dues by analyzing expenses to balance affordability with financial sustainability while supporting long-term growth
- Collaborated on a strategic case with Project PL-8, developing financial strategies to secure funding for the design, engineering, and manufacturing of the first-ever student-built, street-legal car

Project Production Longhorn-8 (PL-8) - *Fundraising & Finance Team Member*; Austin TX

January 2025 - January 2026

- Spearheaded and expanded funding initiatives by conducting targeted outreach, researching and securing grants, and aligning proposals with organizational goals, successfully obtaining over \$20,000 in grants and sponsorships.
- Revamped the corporate sponsorship package to better reflect stakeholder interests, increasing appeal to potential donors and sponsors.
- Streamlined fundraising operations by strategizing tax-exempt status and collaborating with the finance team to optimize financial planning and resource allocation.
